Become a **World Water Council member** !

Join the World Water Council

Water - A vital ingredient for all life. A basic need essential for ecosystems, human health, hygiene and well-being. A critical input for economic development, agriculture, production, industrial output, and energy generation. So important, yet so often taken for granted. The World Water Council strives to tackle the challenge around water through collaborative efforts with all principal actors.

How Will Membership Benefit Your Organization?

● NETWORK OF LEADERS

Become part of a network of leaders in the water world. Decision-makers, scientists, politicians and more.

● ON THE CUTTING EDGE

Join a unique and inclusive international organization that unities users and providers, the public and private sectors, environmentalists and industrialists, scientists and policymakers.

● INFLUENCE

Help build a powerful organisation that represents the eyes, ears and voice of the water sector internationally.

● TAKE YOUR AGENDA TO THE WORLD

Work with the Council to promote your own concerns.

● HELP SHAPE THE FORUM

Help shape the make-up of the next World Water Forum.

New member services

- **Joint Policy Initiatives**
- **Joint International Exhibitions**
- **Training Programmes**

Stop by our pavilion to learn more about joining the World Water Council family

World Water Council General Assembly 15-16 October 2009, Marseille, France

Join by 15 June 2009 and your organization will be eligible to run for a position on the Board of Governors, the World Water Council's governing body.

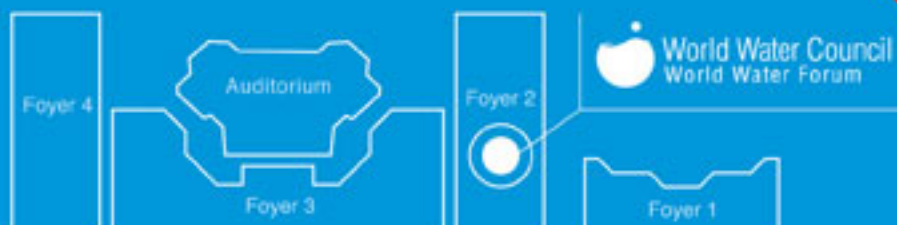

In the months before the General Assembly, members will provide input to help determine the goals and strategies of the World Water Council for the coming three years until the next World Water Forum in 2012.

Where to find us ?

Look for our staff members at the pavilion and throughout the venue. They can be identified by the special World Water Council stickers on their badges.

Expo
Hall

Place: Foyer 2 , Main Conference Centre - Time 11:00 to 19:00 daily.
