Registration Guide

Registration for the 5th World Water Forum is either on-line, prior to the Forum, or on-site. Through <https://event.worldwaterforum5.org/>, you can quickly and easily ensure your participation in the Forum in Istanbul, from March 16th to 22nd 2009. This Registration Guide will show you how.

1. Contact details and user account

The registration system is available in English and Turkish only. For users that already have an account in the 5th World Water Forum's [Virtual Meeting Space \(VMS\)](#), the collaborative tool for the water community, you can use the same user name and password to log into the Forum's registration system. Doing so will draw up the contact details that you have already entered in the VMS, meaning that you will not have to re-type them.

Visa operations

As a gesture from the Republic of Turkey, Turkish visas will be free of charge for all registered and paid Forum participants. Paying your Forum registration fees or being funded by the PAID programme is a prerequisite for receiving your Turkish visa free of charge. After registering for the Forum, your details will be dealt with one of in two ways, according to whether or not there is a Turkish embassy or consulate in your country of residence. You will find the list of countries where there are Turkish representations on <http://www.mfa.gov.tr/visa-information-for-foreigners.en.mfa>. When registering, you will be informed about the next steps to pick up your Turkish visa.

If there is no Turkish embassy or consulate in your country of residence, and if you have already registered and paid for the Forum, you will be able to pick up your Turkish visa upon arrival in Istanbul, at either Atatürk International or Sabiha Gokcen airports. In this case, an "OK to board" letter will also be sent to you, which will allow you to board your plane at any stopovers on the way to Istanbul. The process to obtain an "OK to board" letter may take some time, so we kindly invite those participants in need of this letter to finalize their registration as soon as possible.

If there is a Turkish Embassy or Consulate in your country of residence, after registering you should go to there to obtain your your visa, before leaving for Turkey.. The Turkish Ministry of Foreign Affairs has given instructions to the embassies around the world to speed up the visa process for Forum participants. Your registration details will be made available to that embassy or consulate, and after confirming that you have indeed registered and paid your registration fees, the visa will be duly delivered.
